

NOTICE OF A CITIZENS INFORMATIONAL WORKSHOP FOR THE  
PROPOSED IMPROVEMENT OF THE INTERSECTION OF N.C. 62  
AND  
GROOMETOWN ROAD (S.R. 4019)

TIP Project No. W-5305

Guilford County

The North Carolina Department of Transportation (NCDOT) proposes to improve the intersection of N.C. 62 with Groometown Road (S.R. 4019). Under current plans, NCDOT will remove the existing westbound access road from Groometown Road to N.C. 62, and will realign Groometown Road for a distance of about 1,200 feet. Additional right of way will be required for this project, but no relocations of homes or businesses are anticipated.

The primary purpose of the proposed project is to provide motorists turning onto N.C. 62 from Groometown Road a clearer view of approaching traffic. This improvement will allow NCDOT to safely remove the connection between N.C. 62 and the westbound access road, and to improve the intersection of the westbound access road with Groometown Road. The proposed improvements will improve traffic safety and operations at this intersection.

NCDOT will hold a Citizens Informational Workshop for the above-mentioned project on **Monday, September 16** from **4 - 7p.m.** at the **Archdale Public Library** located at **10433 South Main Street**.

Citizens are invited to speak individually with NCDOT officials and review the proposed design maps. The opportunity to submit written comments or questions will also be provided. Citizens may drop in any time during the workshop hours. There will not be a formal presentation.

For additional information, contact Chad Reimakoski of the NCDOT Division 7 Office at 1584 Yanceyville Street, Greensboro, NC 27415-4996, by phone at (336) 487-0075 or via email at [jcreimakoski@ncdot.gov](mailto:jcreimakoski@ncdot.gov).
